

Description

The Offshore Safety Support Plate is designed with the same functionality for safely locking the guns in place on the rig floor. However, these plates feature a large outer diameter for compatibility with large offshore rig applications.

Specifications

Gun (O.D.)	Part No.	Description	Ratings	
2-1/8"	TC-165-2125-000	Offshore Safety Support Plate Assy. 2-1/8"	30,000 lbf.	13 380 daN
