

## PRODUCT INFORMATION:

### DESCRIPTION

The Quartz Pressure Tool (QPT) is available as part of the Owen's ultra-short Production Logging suite of tools and is fitted with Owen's MonoPin Bus (MPB) technology offering low cost and plug 'n' play simplicity of operation.

The tool is fitted with an industry-standard high-precision quartz gauge and available in different pressure ratings ensuring it is accurate for long term pressure build up surveys and fluid level identification.

Maintenance is greatly simplified by use of a permanently installed 'In-Board Disconnect', which allows the multipin electrical connection at the upper head to be removed without the necessity for desoldering or disconnection of wires.

### PRODUCT FEATURES:

- > Industry standard high precision quartz gauge
- > Multiple pressure gauge options
- > Simple "Plug & Play" operation

### PRODUCT APPLICATIONS:

- > fluid level identification
- > Long term pressure build up surveys
- > Core production logging tool

### SPECIFICATIONS:

	QPT-C
PART NUMBER	104-99003
DIAMETER	1 11/16" / 43 mm
LENGTH	18.4" / 467 mm
PRESSURE OPTIONS	16,000psi / 20,000psi
TEMPERATURE	177C / 350F
WEIGHT IN AIR	8.4 lbs / 3.8 Kg
FISHING STRENGTH	13,200 lbs / 6,000 kgs
CONNECTIONS (UPPER)	MMC 2 Pressure Isolated
CONNECTIONS (LOWER)	GO A
PRESSURE ACCURACY	0.02% FS
PRESSURE RESOLUTION	<0.008 psi
PRESSURE REPEATABILITY	0.01% FS
TELEMETRY INTERFACE	P, T and Reference Frequencies
TELEMETRY/MEMORY	HSTC / MLT
COMPATIBILITY	Up to 15 MPB-Equipped Tools
SUPPLY VOLTAGE	12vdc (Supplied by HSTC / MLT)
CURRENT	17mA
